TO: Minerals File

FROM: Lynn Kunzler, Senior Reclamation Specialist 

RE: Site Inspection, Desmond Shields, Black Rock Minerals, A & B Claims, S/003/018, Box Elder County, Utah

Date of Inspection: June 4, 1996
Time of Inspection: 11:00 a.m.
Conditions: Clear, hot and breezy
Participants: Lynn Kunzler, DOGM

Purpose of Inspection: To evaluate site for file closure

At the request of Mr. Shields this site was inspected for evidence of mining activity. I searched the area on the map that he submitted with his notice that showed the claims boundaries of the Greenstone #1 and Greenstone #2 claims. These claims overlap the section 21 and 22 boundary line. Claim #1 is on the northern half, claim #2 is in the southern half of these two sections. These areas were surveyed and pictures taken. No disturbance or evidence of mining was observed in the area of these two claims. As per the request of Mr. Shields, we can close his file.

David Penney's mining operation is located approximately 700' north of the northern boundary of Desmond Shields claims. The photos in the file are of David Penney's site and not Desmond Shields.
